The procedure for reporting a concern for the welfare or safeguarding of a child is:

- Inform a member of the safeguarding team as soon as possible (on the same day). If there is a high level of concern or an immediate risk inform one of more of the **Designated Safeguarding Leads (DSL)** immediately.
- The DSL will consider the nature of the concern and advise as to the appropriate next steps. If the DSL considers the concern to be of a significant and immediate risk he or she will inform the school lead for safeguarding immediately (or the deputy safeguarding lead)

The procedure for if an allegation is made that an adult has harmed a child, or that a child is at risk from a named adult is;

- Staff will advise a DSL immediately who will then take the appropriate steps. Where there is a risk to a child from a family member a referral will be made without informing the family if to do so would increase the risk of harm.
- Any concern will be logged using the schools recording system (IRIS Adapt)

The procedure for staff and volunteers who wish to raise concerns about poor or unsafe practice and potential failures in our safeguarding regime internally or externally should follow our Whistleblowing Policy. This can be found on the school website and outlines the steps to take.

- Staff should ensure they are familiar with the Grange School's Whistleblowing Policy and follow the guidelines within it.
- Any concern should be logged using the schools recording system (IRAI Adapt) and a DSL informed immediately.

1. INTRODUCTION

Through this policy we aim to create and maintain a safe learning environment where all children and adults feel safe, secure and valued and know they will be listened to and taken seriously.

This policy has been developed to ensure that all adults in our school are working together to safeguard and promote the welfare of children and to identify and address any safeguarding concerns and to ensure consistent good practice.

Our approach is child-centred.

‘Safeguarding and promoting the welfare of children is everyone’s responsibility. Everyone who comes into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should consider, at all times, what is in the best interests of the child.’ (KCSIE)

See Appendix A, Part 1 of KCSIE, for definitions of Significant Harm, Physical Abuse, Emotional Abuse and Neglect from and further information about Complex Safeguarding Issues including Child Sexual Exploitation, Peer on Peer Abuse, Domestic Abuse, Radicalisation, Forced Marriage, Female Genital Mutilation, Modern Slavery, Knife Crime, County Lines in the full statutory guidance.

Safeguarding and promoting the welfare of children goes beyond implementing basic child protection procedures. The aims of this policy are in accordance with both our Mission Statement and our Equal Opportunities Policy and it is an integral part of all of our activities and functions.

‘Safeguarding and promoting the welfare of children is defined as:-

protecting children from maltreatment; preventing impairment of children’s health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes.’ (KCSIE draft update, p 5, September 2018)

3. TRAINING AND AWARENESS RAISING

- 3.1 All new staff and regular volunteers will receive appropriate safeguarding information during induction. The Senior DSL will share key aspects of certain policies such as the Safeguarding Policy, Whistle Blowing Policy and Code of Conduct and will ensure that all new staff will know how to report any concerns.

- 3.3 All staff will receive annual child protection training/refresher which includes basic safeguarding information about our policies and procedures, signs and symptoms of abuse (emotional and physical), indicators of vulnerability to radicalisation, how to manage a disclosure from a child as well as when and how to record a concern about the welfare of a child. A record of all training is held centrally by the Senior DSL.
- 3.4 All staff members will receive regular safeguarding and child protection updates in relation to local and national changes, but at least annually, providing them with relevant skills and knowledge to safeguard children effectively. Weekly staff briefings will share appropriate information.

4. SAFEGUARDING/CHILD PROTECTION POLICY & PROCEDURES

4.1 PUPIL VOICE

Children are encouraged to contribute to the development of policies and share their views. The School Council and Support For Learning Team have designed the whole school display for safeguarding to make it child friendly.

4.2 ATTENDANCE

- 4.2.1 We view poor attendance as a safeguarding issue and in accordance with our Attendance Policy absences are rigorously pursued and recorded. In partnership with the appropriate agencies, we take action to pursue and address all unauthorised absences in order to safeguard the welfare of children in our care.
- 4.2.3 Our Attendance Policy identifies how individual cases are managed and how we work proactively with parents/carers to ensure that they understand why attendance is important. In certain cases. This may form part of an Early Help Assessment (EHA) or a Parenting Contract.
- 4.2.4 We implement the statutory requirements in terms of monitoring and reporting children missing education (CME) and off-rolling and understand how important this practice is in safeguarding children and young people.

4.3 EXCLUSIONS

4.3.1 The DSL will be involved when a fixed term or permanent exclusion is being discussed and any safeguarding issues will be considered. Where it is felt that a child or young person is likely to be permanently excluded a multi-agency assessment will be instigated to ensure that there is improved understanding of the needs of the young person and their family and that the key agencies are involved.

4.4 VULNERABLE GROUPS

4.4.1 We ensure all key staff work together to safeguard vulnerable children. The Safeguarding and Attendance Teams meet weekly to share concerns and monitor pupils. All pupils at Grange School have additional needs and as such all are considered vulnerable. In particular the difficulty Grange pupils experience with communication means that staff must be particularly vigilant around both what pupils say but also their behavior and demeanor at all times.

4.4.2 Any child may benefit from early help at times, but all staff will be particularly alert to the potential need for early help for a child who:

- is disabled and has specific additional needs;
- has special educational needs (whether or not they have a statutory education, health and care plan);
- is a young carer;
- is misusing drugs or alcohol;
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse
- is an international new arrival, refugee or asylum seeker
- is looked after, previously looked after or under a special guardianship order.

4.4.3 Children with special educational needs (SEN) and disabilities can face additional safeguarding challenges. All staff are aware that additional barriers can exist when recognising abuse and neglect in this group of children. These can include assumptions that indicators of possible abuse such as behaviour, and injury relate to the child's disability without further exploration, being more prone to peer group isolation the potential for being disproportionately impacted by behaviours such as bullying without outwardly showing any signs; and communication barriers and difficulties in overcoming these barriers.

5. CASE MANAGEMENT, RECORD KEEPING & MULTI-AGENCY WORKING

5.1 KEEPING RECORDS

Grange is introducing the CPOMS system for record keeping with effect from September 2018. Previous records are held electronically on a secure school system or in a locked filing cabinet.

- 5.1.1 We keep and maintain up to date information on children on the school roll including where and with whom the child is living, attainment, attendance, referrals to and support from other agencies. The record will also include a chronology of any other significant event in a child's life.
- 5.1.2 We keep copies of all referrals to Children and Families Services, the Early Help Hub and any other agencies related to safeguarding children.
- 5.1.3 We keep secure the safeguarding records.
- 5.1.4 We send a pupil's child protection or safeguarding file separately from the main file to a new establishment if a pupil leaves the school and keep a copy of the file in accordance with our Transfer of Records Policy (See Appendix E) and LA Guidance (See Appendix F)

5.2 RECORDING AND REPORTING CONCERNS

5.2.1 All staff, volunteers and visitors have a responsibility to report any concerns about the welfare and safety of a child and all such concerns must be taken seriously (Appendix A). If a concern arises all staff, volunteers and visitors must:

- Speak to the DSL or the person who acts in their absence
- Agree with this person what action should be taken, by whom and when it will be reviewed
- Record the concern using our safeguarding recording system

5.3 INFORMING PARENTS/CARERS

- 5.3.1 Our responsibility is to safeguard and promote the welfare of all the children in our care. We aim to do this in partnership with our parents/carers and would expect them to provide up to date contact details.
- 5.3.2 In most cases parents/carers will be informed when concerns are raised about the safety and welfare of their child and given the opportunity to address any concerns raised. We will aim to engage with parents/carers through the LA Early Help processes, including carrying out an Early Help Assessment (EHA).
- 5.3.3 We will inform, and gain consent, from parents/carers if possible, if a referral is to be made to the Children's Social Care Service or any other agency **unless it is believed that doing so would put the child at risk**, e.g. in cases of suspected domestic abuse. We will record the reasons, if consent is not gained.

5.4 MULTI-AGENCY WORKING

5.4.1 We will develop effective links with other relevant agencies and co-operate as required with any enquiries regarding child protection issues.

5.4.2 We will notify Children's Social Care if:

- a child subject to a child protection plan is at risk of permanent exclusion.
- there is an unexplained absence of a child who is subject to a child protection plan of more than two days from school.
- it has been agreed as part of any child protection plan or core group plan.

5.5 CONFIDENTIALITY & INFORMATION SHARING

5.5.1 Staff will ensure that confidentiality protocols are followed and under no circumstances will they disclose any information about children outside of their professional role.

5.5.2 Information about children will only be shared with other members of staff on a need to know basis.

5.5.3 All staff and volunteers understand that they have a professional responsibility to share information with other agencies, if in the child's best interests, in order to safeguard them.

5.6 CHILD PROTECTION (CP), CHILD IN NEED (CiN) & TEAM AROUND THE CHILD/FAMILY (TAC/TAF) MEETINGS AND CONFERENCES

5.6.1 Members of staff who are asked to attend a CP conference or other core group meetings about an individual pupil/family will need to have as much relevant updated information about the child as possible.

5.6.2 A CP conference will be held if it is considered that the child is suffering or at risk of significant harm.

5.6.3 Every effort will be made to ensure that we contribute to and attend CP and CiN conferences and reviews. Wherever possible a member of the safeguarding team will attend. Where this is not possible apologies will be sent and a report submitted in advance of the meeting.

5.6.2 We aim to comply with local arrangements to prepare and submit reports for CP conferences within the required timescales. Attempts will be made to discuss and share reports with the parents/carers. We will use the most up to date proforma.

5.7 CONCERNS/DISCLOSURES BY CHILDREN, STAFF & VOLUNTEERS

5.7.1 Any concern, disclosure or expression of disquiet made by a child will be listened to seriously and acted upon as quickly as possible to safeguard his or her welfare.

5.7.2 All staff and volunteers must be clear with children that they cannot promise to keep secrets.

5.7.1 We will make sure that the child or adult who has expressed the concern or made the complaint will be informed not only about the action to be taken but also where possible about the length of time required to resolve the complaint.

5.7.2 We will endeavor to keep the child or adult informed about the progress of the complaint/expression of concern.

5.8 SERIOUS CASE REVIEWS

- 5.8.1 The MSCB will always undertake a serious case review when a child dies (including death by suicide) and abuse or neglect is known or suspected to be a factor in their death. If required, we will cooperate fully with the review process.

Our DSL will keep up to date with the findings from SCRs in Manchester and share the learning and review our safeguarding procedures if relevant.

6. THE CURRICULUM

We are committed to promoting emotional health and well-being and to supporting the development of the skills needed to help children keep themselves safe and healthy, develop their self-esteem, develop resilience and understand the responsibilities of adult life, particularly in regard to child care and parenting skills.

- 6.1 All children have access to an appropriate curriculum, differentiated to meet their needs. They are encouraged to express and discuss their ideas, thoughts and feelings through a variety of activities and have access to a range of cultural opportunities which promote the fundamental British values of tolerance, respect and empathy for others.
- 6.2 This enables them to learn to develop the necessary skills to build self-esteem, respect others, defend those in need, resolve conflict without resorting to violence, question and challenge and to make informed choices in later life.
- 6.3 There is access to a range of extra-curricular activities which promotes these values and supports the social, spiritual, moral well-being and physical and mental health of the pupils.
- 6.4 Personal Health and Social Education and Citizenship lessons provide opportunities for children and young people to discuss and debate a range of subjects including lifestyles, knowing and understanding how to keep themselves safe and different family patterns.
- 6.5 We take account of the latest advice and guidance provided to help address specific vulnerabilities, risks and forms of exploitation e.g. CSE, Radicalisation and Extremism, Modern Slavery, County Lines, Female Genital Mutilation, Forced Marriage.

7. E-SAFETY

- 7.1 E-safety is a safeguarding issue not an ICT issue. The purpose of Internet use in our school/setting/college is to help raise educational standards, promote children's achievement, and support the professional work of staff, as well as enhance our management information and business administration.
- 7.2 The internet is an essential element in 21st century life for education, business and social interaction and we have a duty to provide children with quality access to it as part of their learning experience.

- 7.4 We will ensure that appropriate filtering methods are in place to ensure that children are safe from all types of inappropriate and unacceptable materials, including terrorist and extremist material.
- 7.5 We have separate acceptable use policies (AUPs) for both staff and children. This covers the use of all technologies used, both on and offsite. Staff should refer to the staff Code of Conduct.
- 7.6 We follow the MSCB guidelines 'Safeguarding online guidelines for minimum standards' and the advice on the UK Safer Internet Website. We are registered to work towards the 360 Accreditation, as recommended by the LA Audit Team.
- 7.7 We work with children and parents to promote good practice in keeping children safe online.

8. SAFER RECRUITMENT & SELECTION OF STAFF

- 8.1 Our recruitment and selection policies and processes adhere to the DfE guidance 'KCSIE'. For further guidance see the Grange School Safer Recruitment Policy
- 8.2 The Head teacher and governing body will ensure that all external staff and volunteers using our site have been DBS checked.
- 8.3 Written notification will be requested from any agency or third party organisation used by us to confirm that the organisation has carried out the statutory recruitment checks.
- 8.4 At least one member of each recruitment panel will have attended safer recruitment training.
- 8.5 All relevant staff (involved in early years settings and/or before or after school care for children under eight) are made aware of the disqualification and disqualification by association legislation and their obligations to disclose relevant information to the school. Application forms completed by new staff make specific reference to this. All current staff have been made aware of this legislation through briefings.
- 8.6 Trainee teachers will be checked either by the school or by the training provider, from whom written confirmation will be obtained.
- 8.7 The school maintains a single central record of recruitment checks undertaken.

9. MANAGING ALLEGATIONS AND CONCERNS AGAINST STAFF AND VOLUNTEERS

- 9.1 We adhere to DfE guidance 'KCSIE, Section 4', when dealing with allegations made against staff and volunteers. All staff are aware that any concerns should be reported immediately to a DSL and in the event that the concern is about the Head teacher, to the Chair of Governors.
- 9.2 All allegations made against a member of staff and volunteers, including contractors or security staff working on site, will be dealt with quickly and fairly and in a way that provides effective protection for the child while at the same time providing support for the person against whom the allegation is made.

- 9.3 Allegations will be referred to the LA Designated Officer for investigation if they meet the threshold. (See link to guidance in Appendix D)
- 9.4 We ensure that all staff are aware of how to raise a concern, including anonymously as a whistleblower. Annual staff training addresses the specific issue of whistleblowing with a concern regarding a colleague.

10. SAFETY ON & OFF SITE

- 10.1 Our site is secure with safeguards in place to prevent any unauthorised access and also to prevent children leaving the site unsupervised.
- 10.2 All visitors, including visiting speakers, are subject to our safeguarding protocols whilst on site and will be supervised at all times, if no checks have been obtained.
- 10.3 We will ensure that any contractor, or any employee of the contractor, who is to work at the school or college, has been subject to the appropriate level of DBS check. We are responsible for determining the appropriate level of supervision depending on the circumstances. We will always check the identity of contractors and their staff on arrival at the school or college.
- 10.4 We will only place children in alternative educational provision (AP) which is a registered provider and has been quality assured. Children who require access to AP will have a personalised learning plan designed to meet their needs. Our DSL will liaise with the AP DSL to ensure a consistent approach and that relevant information is shared. Their attendance will be monitored by us in accordance with the School Register Regulations.
- 10.5 We have a work experience placement policy and procedures in place. We will ensure that any person supervising a child under the age of 16 on a placement has been subject to the appropriate level of DBS check. If the activity undertaken by a child 16 years of age or over on work experience gives the opportunity for contact with children, we will consider whether a DBS enhanced check should be requested.
- 10.6 All school trips are fully risk assessed and no child will be taken offsite without parental permission.
- 10.7 For international exchanges, we will liaise with partner schools abroad, to establish a shared understanding of the arrangements in place both before and during the visit. We will ensure we are satisfied that these are appropriate and sufficient to safeguard effectively every child who will take part in the exchange. We may also feel it necessary to contact the relevant foreign embassy or High Commission of the country in question to discuss what checks may be possible in respect of those providing homestay outside of the UK.
- 10.8 We have a Health & Safety policy.

APPENDICES

Our policy is based on the following legislation, national & local guidance/procedures and links to other relevant school policies

APPENDIX A - 'Keeping Children Safe In Education' Part 1 - to be read by all staff

'Keeping Children Safe in Education' Part one: Safeguarding information for all staff - What school and college staff should know and do

A child centred and coordinated approach to safeguarding

Schools and colleges and their staff are an important part of the wider safeguarding system for children. This system is described in statutory guidance [Working together to safeguard children](#).

Safeguarding and promoting the welfare of children is everyone's responsibility. Everyone who comes into contact with children and their families and carers has a role to play in safeguarding children. In order to fulfil this responsibility effectively, all professionals should make sure their approach is child-centred. This means that they should consider, at all times, what is in the best interests of the child.

No single professional can have a full picture of a child's needs and circumstances. If children and families are to receive the right help at the right time, everyone who comes into contact with them has a role to play in identifying concerns, sharing information and taking prompt action.

Safeguarding and promoting the welfare of children is defined for the purposes of this guidance as: protecting children from maltreatment; preventing impairment of children's health or development; ensuring that children grow up in circumstances consistent with the provision of safe and effective care; and taking action to enable all children to have the best outcomes.

'Children' includes everyone under the age of 18.

School and college staff are particularly important as they are in a position to identify concerns early, provide help for children, and prevent concerns from escalating.

All school and college staff have a responsibility to provide a safe environment in which children can learn.

All school and college staff should be prepared to identify children who may benefit from early help.²

Any staff member who has a concern about a child's welfare should follow the referral processes set out in paragraphs 22-35. Staff may be required to support social workers and other agencies following any referral.

Every school and college should have a designated safeguarding lead who will provide support to staff members to carry out their safeguarding duties and who will liaise closely with other services such as children's social care.

The Teachers' Standards 2012 state that teachers (which include head teachers) should safeguard children's wellbeing and maintain public trust in the teaching profession as part of their professional duties.³

What school and college staff need to know

All staff members should be aware of systems within their school or college which support safeguarding, and these should be explained to them as part of staff induction. This should include:

- the child protection policy;
- the staff behaviour policy (sometimes called a code of conduct);
- and the role of the designated safeguarding lead (including the identity of the designated safeguarding lead and any deputies).

Copies of policies and a copy of Part one of this document should be provided to staff at induction.

All staff members should receive appropriate safeguarding and child protection training which is regularly updated. In addition, all staff members should receive safeguarding and child protection updates (for example, via email, e-bulletins and staff meetings), as required, and at least annually, to provide them with relevant skills and knowledge to safeguard children effectively.

All staff should be aware of the early help process and understand their role in it. Early help means providing support as soon as a problem emerges at any point in a child's life, from the foundation years through to the teenage years.

All staff should be aware of the process for making referrals to children's social care and for statutory assessments under the Children Act 1989, especially section 17 (children in need) and

section 47 (a child suffering, or likely to suffer, significant harm that may follow a referral, along with the role they might be expected to play in such assessments. ⁴

All staff should know what to do if a child tells them he/she is being abused or neglected. Staff should know how to manage the requirement to maintain an appropriate level of confidentiality whilst at the same time liaising with relevant professionals such as the designated safeguarding lead and children's social care. Staff should never promise a child that they will not tell anyone about an allegation, as this may ultimately not be in the best interests of the child.

What school and college staff should look out for

Any child may benefit from early help, but all school and college staff should be particularly alert to the potential need for early help for a child who:

- is disabled and has specific additional needs;
- has special educational needs (whether or not they have a statutory education, health and care plan);
- is a young carer;
- is frequently missing/goes missing from care or home;
- is misusing drugs or alcohol;
- is in a family circumstance presenting challenges for the child, such as substance abuse, adult mental health problems or domestic abuse; and/or
- has returned home to their family from care.

All school and college staff members should be aware of the types of abuse and neglect so that they are able to identify cases of children who may be in need of help or protection. Types of abuse and neglect, and examples of safeguarding issues are described in paragraphs 42-51 of this guidance.

Departmental advice

What to do if you are worried a child is being abused - [Advice for practitioners provides more information](#) on understanding and identifying abuse and neglect. Examples of potential signs of abuse and neglect are highlighted throughout the advice and will be particularly helpful for school and college staff. The [NSPCC](#) website also provides useful additional information on types of abuse and what to look out for.

Staff members working with children are advised to maintain an attitude of **'it could happen here'** where safeguarding is concerned. When concerned about the welfare of a child, staff Members should always act in the **best** interests of the child. Knowing what to look for is vital to the early identification of abuse and neglect. If staff members are unsure, they should always speak to the designated safeguarding lead (or deputy).

What school and college staff should do if they have concerns about a child

If staff members have **any concerns** about a child's welfare, they will need to decide what action to take. See page 13 for a flow chart setting out the process for staff when they have concerns about a child.

If staff have a concern, they should act on it. They should not assume a colleague or another professional will take action. Staff should also be mindful that early information sharing is vital for effective identification, assessment and allocation of appropriate service provision. Staff should not assume that other professionals will share information that might be critical in keeping children safe. [Information sharing: Advice for practitioners providing safeguarding services to children, young people, parents and carers](#) supports school and college staff who have to make decisions about sharing information. This advice includes the seven golden rules for sharing information.

Wherever possible, there should be a conversation with the designated safeguarding lead (or deputy) who will help staff decide what to do next. Options include:

- managing any support for the child internally via the school or college's own pastoral support processes;
- an early help assessment;⁵ or
- a referral for statutory services,⁶ for example as the child is in need or suffering or likely to suffer harm.

If, for any reason, the designated safeguarding lead (or deputy) is not available, this should not delay appropriate action being taken. In these circumstances, any action taken should be shared with the designated safeguarding lead (or deputy) as soon as is practically possible.

Early help

If early help is appropriate, the designated safeguarding lead (or deputy) should support the staff member in liaising with other agencies and setting up an inter-agency assessment as appropriate. Staff may be required to support other agencies and professionals in an early help assessment, in some cases acting as the lead professional. Any such cases should be kept under constant review and consideration given to a referral to children's social care for assessment for statutory services if the child's situation does not appear to be improving or is getting worse.

Statutory assessments

If a child is in need or is suffering, or likely to suffer from harm then a referral should be made to local children's social care to consider a statutory assessment.

Children in need

A child in need is defined under the Children Act 1989 as a child who is unlikely to achieve or maintain a reasonable level of health or development, or whose health and development is likely to be significantly or further impaired, without the provision of services; or a child who is disabled. Local authorities are required to provide services for children in need for the purposes of safeguarding and promoting their welfare. Children in need may be assessed under section 17 of the Children Act 1989.

Children suffering or likely to suffer significant harm

Local authorities, with the help of other organisations as appropriate, have a duty to make enquires under section 47 of the Children Act 1989 if they have reasonable cause to suspect that a child is suffering, or is likely to suffer, significant harm. Such enquiries enable them to decide whether they should take any action to safeguard and promote the child's welfare and must be initiated where there are concerns about maltreatment, including all forms of abuse and neglect, female genital mutilation or other so called honour based violence, and extra-familial threats like radicalisation and sexual exploitation.

In both cases, referrals should be made in accordance with local criteria for action⁷ and follow the local authority's referral process.

Where a child is suffering, or is likely to suffer from harm, it is important that a referral to children's social care (and if appropriate the police) is made immediately.

The online tool [Report child abuse to local council](#) directs to the relevant local children's social care contact number.

The local authority should make a decision, within one working day of a referral being made, about what course of action it is taking and should let the referrer know the outcome. This will include determining whether:

- the child requires immediate protection and urgent action is required;
- whether the child is in need, and should be assessed under section 17;
- there is reasonable cause to suspect the child is suffering, or likely to suffer, significant harm, and whether enquiries must be made, and the child assessed under section 47;
- any services required by the child and family and what type of services; and
- further specialist assessments are required in order to help the local authority to decide what further action to take.

Staff should follow up on a referral should this information not be forthcoming.

If social workers decide to carry out a statutory assessment, school or college staff should do everything they can to support that assessment (supported by the designated safeguarding lead (or deputy) as required).

If, after a referral, the child's situation does not appear to be improving, the designated safeguarding lead (or the person who made the referral) should press for re-consideration to ensure their concerns have been addressed and, most importantly, that the child's situation improves.

If a **teacher**⁸, in the course of their work in the profession, discovers that an act of female genital mutilation (FGM) appears to have been carried out on a girl under the age of 18, the teacher **must** report this to the police. See Annex A for further details.

Record keeping

All concerns, discussions and decisions made, and the reasons for those decisions, should be recorded in writing. If in doubt about recording requirements, staff should discuss with the designated safeguarding lead (or deputy).

Why is all of this important?

It is important for children to receive the right help at the right time to address risks and prevent issues escalating. Research and serious case reviews have repeatedly shown the dangers of failing to take effective action. Examples of this poor practice include: failing to act on and refer the early signs of abuse and neglect; poor record keeping; failing to listen to the views of the child; failing to re-assess concerns when situations do not improve; sharing information too slowly and a lack of challenge to those who appear not to be taking action.⁹

What school and college staff should do if they have concerns about another staff member

If staff members have concerns about another staff member, then:

- this should be referred to the head teacher or principal;
- where there are concerns about the head teacher or principal, this should be referred to the chair of governors, chair of the management committee or proprietor of an independent school; and
- in the event of allegations of abuse being made against the head teacher, where the head teacher is also the sole proprietor of an independent school, allegations should be reported directly to the designated officer(s) at the local authority.

Staff may consider discussing any concerns with the school's designated safeguarding lead (or deputy) and make any referral via them. Full details can be found in Part four of this guidance.

What school or college staff should do if they have concerns about safeguarding practices within the school or college

All staff and volunteers should feel able to raise concerns about poor or unsafe practice and potential failures in the school or college's safeguarding regime and know that such concerns will be taken seriously by the senior leadership team.

Appropriate whistleblowing procedures, which are suitably reflected in staff training and staff behaviour policies, should be in place for such concerns to be raised with the school or college's senior leadership team.
